Hints for Exhibitors - Fruit and Vegetables

Read the schedule carefully. Check that you place on the Show tables the number of specimens stated in the schedule, for each exhibit. An incorrect number will lead to disqualification. All cultivars should be named if possible. **Vegetables** should be freshly gathered and cleaned so as not to damage the skin. A portion of the tap root of root vegetables should be present

Carrots, parsnips and beets should have leaves removed to approximately 75mm.

Courgettes should be about 150mm long and approximately 70mm in diameter with flowers attached, if possible.

French or runner beans should be straight and not stringy. They should be cut from the vine, leaving about 1cm of stem attached.

Garlic bulbs should be whole, clean and firm, with some root attached.

Potatoes should be of good shape and size appropriate to the cultivar.

Salad Crop may be any variety of lettuce or other salad leaf and should be presented with a portion of root attached

Shallots and onions should have excess loose skin and foliage removed, have tops tied with raffia and be set on sand or rings as appropriate. Please check size and weight specified in the schedule. (rings, sand and raffia will be available at the show).

Squash should be young. Long cultivars should be less than 400mm long and round cultivars should be less than 500mm in diameter.

Tomatoes should be of an appropriate size for the cultivar and presented with the calyx attached. They should be of even size, shape and colour. The number must be as specified in the schedule.

A Trug or Basket of Vegetables. A collection of four different kinds of vegetable from classes 1-24, clean and well-presented in a trug or basket of maximum size 600mm long by 160mm deep. You may not exhibit two varieties of the same kind, for example a red onion and a white onion.

Double points will be awarded for the collection, but vegetables do not need to comply with the criteria specified for individual classes.

Fruits should be shown with the stalk or calyx attached. Do not polish. Handle the fruits as little as possible. Apples and pears need not be ripe and should be of a size appropriate to the cultivar.

Hints for Exhibitors - Flowers and Other

Flowers should be arranged facing forward in an appropriate vase and should be of uniform size with strong stems and without dropping florets. It is recommended that flowers should be cut and placed in a vase the evening before the show to allow them to take up water. Dahlias should be fully open and floribunda roses should be at least 50% open. For all flowers, stems should be presented with a balance of open blooms and buds and a spike should be a complete stem. Where the schedule calls for a specific number of blooms, be aware that a bud counts as a bloom. A limited number of small and medium display vases are available. Please contact Pamela Peacock 01730 823662.

Flower arrangements may be arranged at home and brought to the Village Hall for finishing and staging. An exhibit should be composed of natural plant material, which may be fresh, dried or preserved, with or without accessories, placed within the space specified in the Show schedule. It is recommended that water retaining material is used but it is important that it should be concealed with natural plant material. It is important that flower arrangements reflect the theme specified in the schedule, using appropriate materials and container.

Produce and Preserves may be sampled by the judge for consistency and taste. Baked or cooked items should be covered with cling film or placed in a polythene bag. Preserves are best once matured and therefore recommended to be a minimum of 3 months old. All jams, preserves, chutneys and drinks should be labelled and dated. Jars should be sealed with cellophane or new lids, as appropriate to the product. Do not recycle commercial jars and lids. Savoury items should not include meat or fish.

Arts, Crafts, Photography and Family Section exhibits should be original work of the entrant. Children's exhibits should have the age of the child clearly marked on the exhibitor card. Where there is doubt about the authenticity of an exhibit, it will not be judged.
